# Welcome to Abbeycliffe

Abbeycliffe Care Home is a friendly, purpose-built residential home for the elderly. It is situated conveniently close to Radcliffe town in the Metropolitan Borough of Bury, Greater Manchester.

Abbeycliffe was officially opened by the Mayor of Bury on 12th April 2013 and have since gained a reputation for promoting an excellent standard of care.

We are a family run business with over 30 years' experience in the caring profession.

## Residential and Respite Care

Abbeycliffe have a team of fully trained staff to provide an excellent standard of care for the elderly 24 hours a day.

Residential care at Abbeycliffe will be their permanent home and our team will do their utmost to ensure that all our residents feel safe and confident. As part of our residential care package, we assist with daily living activities such as, dressing, bathing, laundry, toileting, medication and providing nutritional meals.

Our respite programme provides short-term breaks for families and other unpaid caregivers of elderly people, allowing them to take a much-deserved holiday without having to be worried about the care of a loved one.

## Our Home

Our home has a warm, contemporary ambiance with a touch of character to remind us of our pastimes.

Our residents have the option to relax within our communal areas which are equipped with the latest comforts and amenities and are overlooking our beautiful gardens.

We have 40 Single en-suite bedrooms that are tastefully decorated with bright fittings and furnishings throughout. Each room is fitted with a nurses call system.

There is a large dining area, where our chef provides home cooked meals and nutritionally balanced menus. We also cater for specific dietary requirements.

We offer a quiet seating area for residents to enjoy time with their family and friends.

The home has an in-house hair salon, treatment room, laundry and additional communal bath rooms with assisted bathing facilities.

## Activities

As well as being encouraged to continue with hobbies and past times, residents are offered a full activity programme.

We do one-to-one and group activities including baking, gardening, craft work, bingo, quizzes, gentle exercise routines and reminiscence sessions.

We regularly have visiting professional entertainers at the home and provide the opportunity for residents to go out on excursions.

## Philosophy of Care

Our philosophy is to provide a stimulating, safe and caring environment that will meet the individual, physical and emotional needs of residents.

Our aim is to continue the same emphasis of the quality of care that we have achieved over the past 30 years.

Ultimately we enable our residents to receive long-term care, affording them an independent and satisfying lifestyle within our home.

Our approach to care is based on respect for the resident as an Individual and their need to be acknowledged as such.
